Information needed in your UTeach STEM Educators Virtual Conference proposal

For each presenter:
- Name
- Phone number
- Organization
- Role in the organization

Sessions will be synchronous and one hour long. We will give priority to proposed sessions that address the conference theme: Equity, Diversity, and Inclusion in STEM Education.

Session:
- Title
- Type
    - Group-based activities: The presenter engages participants in collaborative activities, such as lesson demos.
    - Interactive presentations: The presenter engages participants with whole-group or small-group discussion about the material in the presentation.
    - Roundtable discussions: One or more facilitators conduct a discussion on a specific topic.
- Strand
    - Strengthening Instruction (culturally relevant pedagogy, online learning and inquiry, building online or hybrid courses, lesson or tool demos, online classroom management tips and strategies)
    - Out-of-Class Support for Everyone (addressing teacher and student burnout, addressing trauma, productive self-care, building community in a virtual context)
    - Adapting and Strengthening the UTeach Program and Curriculum (adapting UTeach programs to local contexts, building an antiracist curriculum, equitable and inclusive recruitment, student support)
    - UTeach pre-service teacher topics (navigating courses and fieldwork, resume and interview tips, classroom management, teaching online, special populations in the classroom)
- Description (700-character max)

There is also a space for additional notes, where you can continue your description if you need to.

Submit your proposal here. Deadline is March 15, 2021.
