

### Sponsorship and Exhibitor Opportunities *Reach hundreds of innovative educators.*

## What is the UTeach STEM Educators Conference?

Each year, the UTeach STEM Educators Conference brings together a community of teacher preparation and K-12 educators and teachers working to build and inspire STEM education leaders across the country. Our theme in 2022 is **Reconnecting with Purpose**.

Our audience includes more than 500 attendees comprising faculty from 49 UTeach university partner programs, alumni from our network of nearly 6,900 UTeach graduates, and K-12 teachers passionate about inquiry-based STEM learning.

### Why support UTeach?

The United States needs at least 1 million more STEM professionals over the next decade.

#### **UTeach is part of the solution.**

UTeach prepares teachers who stay in teaching longer, improve student performance in math and science, and influence students to enter STEM fields.

#### **UTeach is a smart investment.**

Nationally, UTeach programs will produce more than 10,000 highly qualified STEM teachers by 2026.
